

# Epic parties... but in a COVIDSafe way

One More Song is committed to the safety of its owners and contractors, clients, event guests and other industry vendors. This brief plan covers the essential actions we'll undertake to ensure we're operating in a COVIDSafe way. As restrictions change, we will update this plan and publish the latest version on our website.

Our DJs and other contractors will follow and keep up to date with all Department of Health and Human Services (DHHS) Victoria health and safety directives.

In addition to the mic we provide for the MC, our DJs will provide a second mic that can be used for guest speeches, along with sanitising wipes for cleaning in between each speech.

Approved masks will be worn by our DJs and other contractors where deemed necessary to do so under the advice of the DHHS. If our DJs are also MCing, they will only remove masks to make announcements.

To maintain a safe distance between guests and the DJ, song requests won't be permitted during events themselves. Instead, we'll work with clients in the lead up to collect requests from guests ahead of time.

Our live musicians (sax players and percussionists) will keep a safe distance from guests while performing during their set.

If we suspect or are made aware of a confirmed case of coronavirus (COVID-19) in our workplace, we will immediately follow the protocol and advice of the DHHS at the time we are made aware of infection.
