

A group of people are dancing at a party. In the foreground, a woman in a white, ribbed, long-sleeved top is dancing with a man in a brown suit. They are both smiling and looking at each other. In the background, other people are visible, including a woman in a leopard print top and a woman in a green top. The scene is dimly lit with warm, golden light. The text "one more song." is in the top left corner, and "Party pack" is in the bottom right corner.

No more Nutbush.

You've made it this far so you're clearly a fan of great music, and for that, we salute you!

Our standard package is \$2,970 incl. GST for 5 hours which includes equipment for a standard reception, set up and pack down time/labour and of course, all the work that happens in the lead up! We can also MC for \$550 incl. GST.

Travel is \$1.10 per km (>40kms from the CBD). If you need us to play for longer, we charge \$220 per hour.

Here's how our booking process works:

Let's chat over video or in person to make sure we click. If we do, move onto step 2!

2

Make 50% part payment to secure Eddy or Aleks as your DJ. Receive your party brief!

3

Work on your party brief! We'll check in and share some tips along the way.

4

What our DJs come with.

We come equipped with a full set up - DJ booth, decks, speakers (if required) and a wireless mic - it's all we need to bring the party! We can provide additional speaker set ups for ceremony and cocktail hour too (if they're in separate areas) - just ask for a quote! Read more about how this works in [this blog](#).

Let's nail that music brief.

We mix music live at your event – this is what you're paying for (otherwise you may as well whack on a Spotify playlist!). You can check out the types of tunes we love to play by clicking on our sample mixes below!

▶ Wedding mix

▶ Disco mix

▶ Funk mix

▶ RnB mix

▶ Oldies mix

▶ Classic house mix

▶ Indie rock mix

▶ EDM mix

▶ Hip hop mix

Once we're booked in, we'll guide you through an online "party brief" to capture your music tastes, such as genres and artists you like, as well as what you DON'T like. You can also include links to playlists you've put together to give us more of an idea of the music you love!
